

Já pensando em 2018, a Sierra Móveis evoca as grandes tendências da alta movelaria e lança a Linha Petrus, mostrando que modernidade e minimalismo podem estar lado a lado, na resistência do ferro, na leveza do vidro e na nobreza da madeira maciça.
A qualidade aliada ao design atemporal criou os móveis que traduzem estilo de vida e sofisticação.

Thinking forward in 2018, Sierra Móveis brings the biggest tendencies of high end furniture and launches the Petrus Line, showing that modernity and minimalism can be side by side in the iron resistance, the lightness of the glass and in the nobility of solid wood.
The quality allied to a timeless design have created furnitures that translate life style and sophistication.
